sdmay20-22: Real-time Re-Recommendation System for POI Visits
Week 6 Report
November 4 - November 17

Team Members
Dheepak Nalluri — *Report Manager*
John Smolinski — *Chief Engineer*
James Eehinus — *Database Manager*
Andrew Peters — *Meeting Facilitator*
Geng Sun — *Scribe*

Summary of Progress this Report
Refined previous work on the Design Document. Distributed tasks and team roles for development of the project in semester 2. Filmed and edited the News Report Assignment. Started planning on technologies usage(Frameworks, IDEs, etc). Updated some of the team website.

Pending Issues
Design Document needs rephrasing in many areas. Need progress toward sections 5 and 6 of the design document. Finish updating team website.

Plans for Upcoming Reporting Period
Work on the Final version of the Design Document. Have final version of the team website ready. Create a demo of our mobile application.
